Dear Hal,

If upon your return to Maryland you did <u>not</u> receive an air mail special delivery letter while you were in New Orleans, let me know. It was sent to Garrison's office and should have arrived there Dec. 14.

If you did get it then ignore this letter. If you didn't get it then ask Garrison to open it and read it. There's a time problem involved that means doing something before the 20th of this month.

Best,
Hal
